Q28 **Very confident**

How confident is your county that behavioral health services provided via telehealth are being billed in an appropriate and accountable manner?

Q29 **Yes**

When the Covid-19 public health emergency is over, do you expect your county will want to continue with telehealth to deliver behavioral health services?

Q30 **Respondent skipped this question**

Please explain why or why not.

Q31

Does your county have any additional input concerning the use of telehealth to deliver behavioral health services?

Telehealth has increased access to care for many rural residents of Trinity County, including low-income residents and those with no transportation or transportation challenges. Telehealth has also created efficiencies in the Behavioral Health Services department, including lower operational costs and increased staff morale/satisfaction. Trinity County anticipates even greater access to mental health care as we expand our telehealth efforts to regional areas within the county.
